EcoDomus

A HEALTHIER AFFORDABLE BUILDING PRODUCT

AVAILABLE AT THE DONGHIA MATERIALS LIBRARY

Mineral paints, like Romabio's EcoDomus, provide a great alternative to acrylic paints. They are toxic-free, odorless, and naturally mold-resistant. EcoDomus is available in Matte, Eggshell, and Satin finishes. EcoDomus is an extremely durable, high-performing, mineral paint. The matte paint is designed for interior use, and the eggshell and satin can be used both for interior and exterior wall and trim finishes. This product is also backed by a 20-year warranty against chipping, peeling, and flaking. Thirteen of Romabio's paints, including this one, are Cradle to Cradle Silver Certified. Titanium Dioxide is being used for pigmenting.
