Cellulose Fiber Insulation

This product provides a natural insulation alternative that optimizes human and environmental health. Greenfiber's cellulose insulation is free from formaldehyde, asbestos, glass fibers, and mineral wool. The product is also made with up to 85% recycled materials from local sources, diverting hundreds of tons of paper from landfills and reducing energy consumption from transporting raw materials.

Greenfiber's R-value is declared at 3.8/inch.

CATEGORY

Insulation / Fibrous, Cellulosic, Granular, Cellulose

MANUFACTURER

US Greenfiber LLC

MATERIAL COMPOSITION*

Cellulose Fiber <86%, Boric Acid <11%, Calcium Sulfate Dihydrate <2%, Distillate Mineral Oil <1%

**as reported by the manufacturer*

AVAILABLE SIZING

19.05 lb Package

COLORS

Off-White
