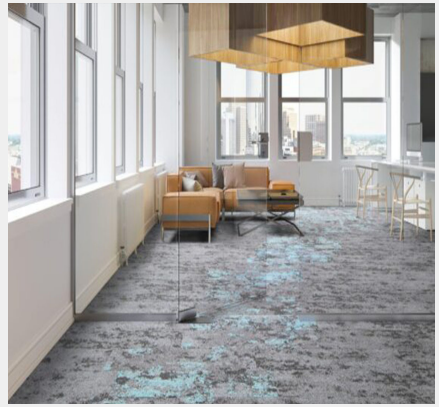
Nylon Modular Carpet Tiles on EcoFlex NXT



Mohawk's EcoFlex NXT Modular Carpet Tiles are Living Building Challenge Red-List Free. One of the company's product lines with this composition, the Lichen Collection, is the first flooring product to achieve the International Living Future Institute’s Living Product Challenge Petal Certification. Additionally, this product is designed to be installed using Mohawk's FlexLok tabs, the only red-list free carpet installation system on the market. These carpet tiles have a composite construction of a tufted nylon face, primary backing, fiberglass scrim, pre-coat polymer with an extruded polyolefin modular backing.
