

PureBond Classic Core® Plywood

 A HEALTHIER AFFORDABLE
BUILDING PRODUCT

 AVAILABLE AT THE DONGHIA
MATERIALS LIBRARY

Classic Core® is a combination core panel construction where cross bands of thin MDF are utilized in place of veneer cross bands.

Classic Core® can be manufactured with bonded crossbands which do not contain added formaldehyde. PureBond Classic Core® may contribute to LEED® 2009 credit IEQ 4.4 and conforms to CARB II exempt emission requirements called for in LEED V4. It contains 95% Biobased Content and has been awarded the USDA Certified Biobased Product Label in the BioPreferred® Program.
